Love Is in the Chair

MICHELE CORMIER

HAVE A SEAT: Touchstone Gallery kicks off its "Color of Love" exhibition with an opening reception on Friday. Fifty artists contributed works on the theme, including Michele Cormier's "Common Ground," above, which is about the eternal love between a chair and another chair. See, you know they're in love, because they're red. Many of the artists also contributed haiku about their pieces, which makes us say: Haiku is awesome. You pretend you're a poet. But you're really not.
