Touchstone Gallery will host its second "Double Vision II" exhibition in February and March 2009. For the show, each of the thirty member artists will exhibit one artwork along with an artwork by an invited guest artist. This creative approach to an exhibition offers an exciting opportunity to showcase a variety of unique artworks from local artists. This is a show to be seen and enjoyed.

For over thirty years, this artist-owned gallery has been serving the Washington community. Touchstone continues to present new work by rising and established artists. The gallery has earned a reputation as an important venue for contemporary art.
